Dear American Professional Business Women's Association,

On behalf of the Executive Committee, the Project Graduation Subcommittee, and the Alliance staff, I would like to thank you for your generous support for the second Project Graduation for Clear View High School. The donated prizes for the event was greatly appreciated.

As you may know, the Bay Area Alliance has been working within the Bay Area to help the community better understand their role in substance abuse prevention for our youth. It is our role to applaud students' choices to remain drug and alcohol free and to help parents provide the support their children need during these formative years. It is partners like you that enable us to continue this in our community.

Please let us know if we can ever be of any assistance. Thank you again for your meaningful contribution.

Sincerely,

Amanda McLauchlin
